

SPOONDRIFT

Meaning: Spoondrift refers to the fine spray of seawater that is blown off the tops of waves, often creating a misty effect.

1. The spoondrift rolled off the waves, glittering in the sunlight.
2. As the storm approached, the spoondrift began to coat the shoreline in a fine mist.
3. Children laughed and played in the spoondrift, their faces illuminated by the sea spray.
4. Sailors often find themselves mesmerized by the beauty of the spoondrift during a calm evening.
5. The artist captured the spoondrift perfectly, conveying the ethereal quality of the ocean's touch.
