

SPRAWLS

Meaning: Sprawls refers to the extensive and often unplanned spread or expansion of an area, typically of a city or urban development, across a landscape.

1. The city sprawls across the valley, blending seamlessly with the surrounding hills.
2. As the suburbs expand, the urban landscape sprawls further into the countryside.
3. The garden sprawls with vibrant flowers that attract bees and butterflies.
4. In the late afternoon sun, the cat sprawls lazily on the warm pavement.
5. Their plans for the new park include a pond that sprawls beneath the old oak trees.
