

SQUIRELY

Meaning: SQUIRELY: Adjective describing someone who is timid, reserved, or overly deferential, often in a way that suggests a subservient or secondary role, especially in social situations.

1. His squirely demeanor suggested he was more comfortable in the shadows of nobility than in the spotlight.
2. The squirely fellow maintained a timid stance, afraid to engage in the boisterous festivities around him.
3. Even in his squirely attire, he managed to exude a sense of quiet confidence that drew others in.
4. She found his squirely approach to life refreshingly honest, devoid of pretense or arrogance.
5. The squirely young man eagerly awaited his chance to prove himself in the knight's tournament.
