

STATUTABLE

Meaning: Statutable refers to something that is established, defined, or mandated by statute or law.

1. The uniqueness of each case made it difficult to determine what was statutable under current law.
2. Incorporating international treaties into domestic legislation can create statutable obligations for member countries.
3. The lawyer argued that the clause was not statutable, as it lacked clarity and enforceability.
4. When drafting new regulations, lawmakers must ensure that all provisions are statutable to avoid litigation.
5. Judges often refer to precedents to interpret what is considered statutable within their jurisdiction.
