

STEEPLE

Meaning: Steeple: a tall, pointed structure on the roof of a church, often featuring a spire, that typically serves as a visual focal point.

1. The church's steeple reached high into the sky, a beacon for the community.
2. As the sun set, the steeple cast a long shadow over the quiet town square.
3. During the storm, the sound of rain hitting the metal steeple was both haunting and beautiful.
4. Local artists often gather to paint the historic steeple, capturing its intricate details.
5. The steeple was adorned with a weather vane that spun wildly in the gusty winds.
