

# STOOPER

*Meaning: Stooper (noun): A person who moves in a bent or hunched posture, often due to age or physical condition.*

1. The stooper moved cautiously through the crowded market, careful not to bump into anyone.
2. As the sun began to set, the stooper finally found a quiet spot to rest and gather his thoughts.
3. She couldn't help but notice the stooper's unique way of navigating the busy streets with a slight hunch.
4. After hours of searching, the stooper finally spotted the rare book he had been looking for.
5. With a determined look in his eyes, the stooper straightened up and began to walk with newfound confidence.
