

STREE

Meaning: STREE (noun): A variant spelling of "street," referring to a public road in a city or town, typically lined with buildings and used for pedestrian and vehicle traffic.

1. The children played in the stree, laughing and chasing each other.
2. She felt a sense of peace as she walked down the quiet stree lined with trees.
3. The artist captured the vibrant colors of the sunset reflecting off the stree.
4. Every Sunday, the local market fills the stree with vendors offering fresh produce.
5. As we strolled through the stree, the aroma of freshly baked bread filled the air.
