

STROND

Meaning: Strond: a stretch of shore or riverbank, especially one that is sandy or pebbly.

1. The strond was unusually quiet, allowing the gentle sound of the waves to fill the air.
2. As the tide receded, we discovered a hidden strond teeming with colorful pebbles and shells.
3. Walking along the strond at sunset, I felt a deep sense of peace wash over me.
4. The artist captured the essence of the strond in her painting, highlighting the vibrant colors of the landscape.
5. Local legends spoke of treasures buried beneath the strond, waiting to be uncovered by adventurous souls.
