

STRUTHIO

Meaning: Struthio refers to a genus of large flightless birds, commonly known as ostriches, native to Africa.

1. The struthio, commonly known as the ostrich, is the largest bird in the world.
2. In the savannas of Africa, the struthio can often be seen sprinting across the plains.
3. Struthio species are known for their impressive speed, capable of running up to 45 miles per hour.
4. The struthio lays the largest eggs of any living land animal, measuring up to six inches in diameter.
5. Conservation efforts are crucial for the struthio, as habitat loss threatens their populations.
