

STUMPAGE

Meaning: Stumpage refers to the value or fee paid for standing timber that is to be harvested, typically calculated based on the volume and quality of the timber.

1. The timber company's profits were significantly impacted by the rising stumpage rates.
2. Understanding stumpage is essential for landowners looking to sell their timber.
3. Foresters often evaluate stumpage to determine the best value for logging operations.
4. The local government implemented new regulations affecting stumpage fees in the region.
5. She was surprised to learn how stumpage values can fluctuate based on market demand.
