SUBAUDITION

Meaning: Subaudition refers to the ability to convey or suggest emotions and meanings in performance without explicitly stating them, often through subtle gestures or expressions.

1. The actor's ability to subaudition complex emotions made his performance truly captivating.

2. In the theater, the director encouraged the cast to subaudition their lines for deeper emotional resonance.

3. During the rehearsal, she realized that the subaudition of fear in her voice added depth to the character.

4. The playwright emphasized the importance of subaudition in conveying the underlying tensions of the script.

5. Subaudition can often reveal more about a character's internal struggles than their spoken dialogue.
