SUBSTITUTING

Meaning: Substituting refers to the act of replacing one thing with another, typically to improve quality or achieve a different outcome.

1. Substituting fresh ingredients for canned ones can significantly enhance the flavor of a dish.

2. The teacher suggested substituting the essay with a creative project to engage the students more effectively.

3. Many athletes are concerned about substituting performance-enhancing drugs for natural training methods.

4. In vegan cooking, substituting eggs with flaxseed meal is a popular alternative for binding ingredients.

5. Substituting regular coffee with decaf can help reduce caffeine intake without sacrificing the morning routine.
