

SUBTLENESS

Meaning: Subtleness refers to the quality of being delicate, understated, or nuanced, often conveying deeper meanings or emotions that are not immediately apparent.

1. The subtleness of her smile conveyed a deeper understanding than words could express.
2. In art, the subtleness of a painter's brushstrokes often evokes emotions that are hard to articulate.
3. He appreciated the subtleness of the flavors in the dish, each ingredient complementing the others without overpowering.
4. The subtleness of her approach allowed her to navigate the sensitive situation with grace and poise.
5. They admired the subtleness of the design, which blended seamlessly into the natural landscape.
