

SUMOOM

Meaning: Sumoom: a hot, dry wind or dust storm that occurs in desert regions, often characterized by strong gusts and the movement of sand.

1. The sumoom swept across the desert, leaving a trail of sand in its wake.
2. As the sumoom approached, the inhabitants of the village prepared for the fierce winds.
3. Travelers often speak of encountering a sumoom while crossing the arid landscape.
4. In the midst of the storm, the sumoom's power was both mesmerizing and terrifying.
5. The sumoom, with its swirling sands, transformed the clear blue sky into a haze of brown.
