

SUNBOW

Meaning: A sunbow is a rare atmospheric phenomenon resembling a rainbow, formed by the refraction and reflection of sunlight in water droplets, typically appearing as a colored arc in the sky.

1. The rare sunbow appeared in the sky, creating a stunning arc of colors during the late afternoon rain.
2. As the storm clouds parted, a sunbow illuminated the landscape, casting a magical glow over the hills.
3. Photographers flocked to the viewpoint, eager to capture the fleeting beauty of the sunbow after the brief shower.
4. Legend has it that a sunbow brings good luck and signifies a turning point in one's life.
5. Children squealed with delight as they spotted the vibrant sunbow stretching across the horizon, bridging the gap between earth and sky.
