

# SUNKEN

*Meaning: 'Sunken' refers to being submerged or lowered below the surrounding surface, often used to describe something that has settled or been depressed, such as a shipwreck in the ocean or a patio in a garden.*

1. The shipwreck lay in a sunken state at the bottom of the ocean, a haunting reminder of its tragic past.
2. The garden featured a sunken patio, perfect for entertaining guests during warm summer evenings.
3. Her sunken cheeks revealed the toll that illness had taken on her once vibrant appearance.
4. The ancient city was discovered beneath a sunken layer of sediment, revealing artifacts from a forgotten civilization.
5. They decided to build a sunken fire pit to create a cozy atmosphere for their outdoor gatherings.
