

# SUPERFINICAL

*Meaning: Superfinical: excessively concerned with trivial details or superficial aspects, often at the expense of more important considerations.*

1. Her superfinical attention to detail often overshadowed the bigger picture in the project.
2. Despite his superfinical approach to the rules, the team managed to complete the task on time.
3. The critique was dismissed as superfinical, focusing only on minor flaws rather than the overall quality.
4. In a world filled with superfinical judgments, it's refreshing to meet someone who values substance over style.
5. Her superfinical nature made it difficult for her to appreciate the beauty in imperfection.
