

SUPPLIER

Meaning: A supplier is an entity or individual that provides goods or materials to another entity, typically for business purposes.

1. The supplier delivered the materials ahead of schedule, allowing the project to proceed without delays.
2. Our company is seeking a new supplier to improve the quality of our raw materials.
3. After evaluating several options, we chose a supplier known for their commitment to sustainability.
4. The supplier's ability to meet our demands consistently has made them an invaluable partner.
5. In order to maintain competitive pricing, we need to negotiate better terms with our current supplier.
