

SWARTBACK

Meaning: Swartback refers to the dark, shadowy outline or silhouette of a mountain or hill, particularly when viewed against a lighter background.

1. The swartback of the mountain range was shrouded in mist, adding to its mysterious allure.
2. As the sun set, the swartback of the hills became a silhouette against the fiery sky.
3. The old map indicated a path leading to the swartback, a place rumored to hold ancient secrets.
4. Adventurers often spoke of the treacherous terrain that lay beyond the swartback, where few dared to tread.
5. Local legends warned travelers to avoid the swartback at night, when shadows danced ominously.
