

SWEETENER

Meaning: A sweetener is a substance used to give a sweet taste to food or drinks, often as a substitute for sugar.

1. The new dessert recipe calls for a natural sweetener instead of sugar.
2. Many people prefer using a sugar substitute as a sweetener in their coffee.
3. The sweetener added a delightful flavor to the otherwise bland smoothie.
4. She opted for a stevia-based sweetener to reduce her calorie intake.
5. Some sweeteners can have a bitter aftertaste that some people find unappealing.
