

SYNERGISTIC

Meaning: Synergistic refers to the interaction or cooperation of two or more entities that produces a combined effect greater than the sum of their individual effects.

1. The team found that their synergistic collaboration led to innovative solutions that exceeded their individual capabilities.
2. In a synergistic partnership, both companies can achieve greater market reach than either could alone.
3. The synergistic effects of the combined therapies resulted in a significantly improved patient outcome.
4. By fostering a synergistic environment, the organization encouraged creativity and heightened employee engagement.
5. The synergistic relationship between the two departments streamlined operations and improved overall efficiency.
