

TABLATURE

Meaning: Tablature is a form of musical notation that indicates instrument fingering rather than musical pitches, commonly used for stringed instruments like guitar.

1. The guitarist carefully studied the tablature to master the intricate solo.
2. In music classes, we often used tablature to help beginners understand chord shapes.
3. She printed out the tablature for her favorite song and placed it on her music stand.
4. Using tablature makes it easier for musicians to learn songs without reading traditional sheet music.
5. The online forum was filled with discussions about various tablature styles for different instruments.
