

# TAILED

*Meaning: Tailed: having a trailing or elongated part that follows behind, often used to describe a comet's path or the design of clothing.*

1. The comet tailed across the night sky, leaving a brilliant streak of light behind.
2. She wore a dress with a beautifully tailed hem that flowed elegantly as she walked.
3. The fox quickly darted away, its bushy tail trailing behind it like a banner.
4. In the animation, the dragon tailed the hero, ready to protect him from danger.
5. The report detailed the events leading up to the tailed investigation of the financial fraud.
