

TANIST

Meaning: Tanist: a designated heir or successor to a chief or king in ancient Celtic culture, chosen for leadership qualities.

1. The tanist was chosen for his ability to lead and unite the tribe.
2. In ancient Celtic culture, the tanist served as the heir apparent to the king.
3. During the council meeting, the tanist presented a compelling case for a peaceful resolution.
4. The role of the tanist was vital for ensuring continuity in leadership during turbulent times.
5. Traditionally, the tanist was selected based on merit rather than strict lineage.
