

TAURUS

Meaning: Taurus is one of the twelve zodiac signs in astrology, represented by the bull, associated with individuals born between April 20 and May 20, characterized by traits such as determination and a love for luxury.

1. Taurus is known for its determination and reliability in both personal and professional relationships.
2. Many people born under the Taurus sign are said to appreciate the finer things in life, including good food and art.
3. In astrology, Taurus is represented by the bull, symbolizing strength and stubbornness.
4. As a fixed earth sign, Taurus tends to be grounded and practical in their approach to challenges.
5. Friends often describe Taurus individuals as loyal companions who value stability and comfort.
