

# TEMPS

*Meaning: 'TEMPS' refers to the temperature, often used informally to indicate the degree of heat or cold in a specific environment.*

1. The temps at the beach yesterday were surprisingly mild for mid-August.
2. During the summer, temps can soar above 90 degrees Fahrenheit in this region.
3. As the temps dropped overnight, the first signs of frost appeared on the grass.
4. Many people enjoy the cooler temps of fall as they prepare for the winter season.
5. The forecast predicts fluctuating temps this week, making it hard to plan outdoor activities.
