

# TENANTRY

*Meaning: Tenantry refers to a group of tenants collectively occupying land or property, often characterized by shared interests or concerns.*

1. The landlord was pleased with the stability of his tenantry, ensuring consistent rental income.
2. In rural areas, the tenantry often banded together to advocate for better living conditions.
3. The new policy aimed to support the tenantry by providing them with more rights and resources.
4. Historically, the tenantry formed the backbone of the agricultural economy, working the land for generations.
5. Challenges faced by the tenantry included rising costs and limited access to resources for farming.
