

# TERMA

*Meaning: Terma refers to a hidden treasure or sacred text, often related to spiritual teachings or insights, discovered in a specific location, particularly in Tibetan Buddhism.*

1. The terma discovered in the ancient cave provided valuable insights into the region's spiritual history.
2. Local historians debated the significance of the terma, believing it held secrets of past civilizations.
3. During the ceremony, the lama revealed a terma that was said to possess miraculous healing powers.
4. Researchers traveled to Tibet to study the terma and its implications for Tibetan Buddhism.
5. The terma, hidden for centuries, was a key to understanding the mystical traditions of the area.
