

# THUNDERSTORM

*Meaning: A thunderstorm is a weather phenomenon characterized by the presence of thunder, lightning, heavy rain, and often strong winds.*

1. The thunderstorm rolled in unexpectedly, darkening the sky and sending people scurrying for cover.
2. As the thunderstorm raged outside, I curled up with a book and enjoyed the soothing sound of the rain.
3. Meteorologists warned that the thunderstorm could bring damaging winds and heavy rainfall to the region.
4. Children love to watch the lightning flash during a thunderstorm, but their parents often worry about the safety risks.
5. After the thunderstorm passed, a breathtaking rainbow appeared, stretching across the now-clear sky.
