

# TIKUS

*Meaning: TIKUS (noun): A term used in some Southeast Asian languages, particularly Malay and Indonesian, referring to a rat or mouse, often associated with scavenging behavior.*

1. The tikus scurried across the floor, searching for crumbs.
2. In the old attic, we discovered a nest of tikus hidden behind the boxes.
3. The tikus in the garden have been nibbling on my vegetable plants.
4. I set a trap to catch the tikus that have invaded my pantry.
5. Despite their small size, tikus can reproduce quickly and become a nuisance.
