

TOWHEE

Meaning: Towhee: a type of medium-sized songbird belonging to the family Emberizidae, known for its distinctive coloration and melodious calls, commonly found in North America.

1. The towhee perched on the fence, its bright colors catching the morning sunlight.
2. I heard the familiar call of the towhee echoing through the woods as I hiked along the trail.
3. While birdwatching, she was thrilled to spot a towhee foraging among the fallen leaves.
4. Towhees often prefer to stay close to the ground, making them a challenge to spot in dense underbrush.
5. As spring approached, the male towhee began to sing his distinctive song to attract a mate.
