

TREN

Meaning: 'TREN' refers to a distinctive style or trend, often in fashion or design, as well as a natural feature, such as a channel or groove formed by erosion.

1. The tren of the river carved deep into the landscape over thousands of years.
2. She chose a bold tren for her new hairstyle, making a statement at the party.
3. The artist's latest painting featured a striking tren of colors that captivated viewers.
4. As they hiked, they followed the tren left by other adventurers through the dense forest.
5. In fashion, the tren this season leans towards sustainable materials and vintage styles.
