

# TRITHEIST

*Meaning: Tritheist: a person who believes in the existence of three distinct gods, as opposed to a single divine essence.*

1. The ancient doctrine of Tritheism suggests a belief in three distinct gods rather than a unified divine essence.
2. In theological debates, Tritheism is often contrasted with Monotheism and Polytheism.
3. Critics of Tritheism argue that it undermines the concept of divine unity found in many religions.
4. The concept of Tritheism can be challenging for those accustomed to more traditional interpretations of the Trinity.
5. During the seminar, the professor explained how Tritheism emerged in early Christian thought as a reaction to various philosophical influences.
