

TROPE

Meaning: A trope is a recurring theme or motif commonly used in literature, film, or other forms of storytelling.

1. The use of the hero's journey is a common trope in many adventure novels.
2. In film, the love triangle trope often leads to dramatic tension and conflict.
3. The author cleverly subverted the typical trope of the unreliable narrator in her latest book.
4. Fantasy stories frequently rely on the trope of an unlikely hero rising to save the world.
5. Exploring the trope of fate vs. free will can add depth to a philosophical narrative.
