

TRUMPETWEED

Meaning: Trumpetweed is a flowering plant known for its bright orange flowers and ability to attract hummingbirds with its nectar.

1. The vibrant trumpetweed adds a splash of color to the garden with its bright orange flowers.
2. Hummingbirds are often seen flitting around the trumpetweed, drawn to its nectar-rich blooms.
3. In late summer, the trumpetweed attracts a variety of pollinators, making it a favorite among gardeners.
4. Despite its beauty, trumpetweed can spread quickly, sometimes overtaking less aggressive plants.
5. Herbalists often use trumpetweed for its reputed medicinal properties, claiming it can soothe various ailments.
