

TURFING

Meaning: Turfing is the process of laying down sections of grass and soil (turf) to create or restore a lawn or garden area.

1. Turfs are often laid in gardens to create a lush, green landscape.
2. The landscaper was skilled in turfing and transformed the bare yard into a beautiful lawn.
3. After turfing the area, the homeowners were excited to host their first barbecue on the new grass.
4. Turfing requires careful preparation of the soil to ensure a healthy, vibrant lawn.
5. The local sports field underwent extensive turfing to provide a safe surface for players.
