

TURFLESS

Meaning: TURFLESS: lacking a covering of grass or turf, often resulting in bare soil.

1. The garden looked rather turfless, lacking the lush greenery that typically defined the landscape.
2. In areas where the turfless soil was exposed, wildflowers began to spring up unexpectedly.
3. The athletes were disappointed when they discovered that the field was turfless and not suitable for play.
4. A turfless environment can lead to increased erosion and less biodiversity in the ecosystem.
5. Despite being turfless, the backyard had a certain charm with its rocky paths and native plants.
