

TUSKY

Meaning: Tusky (adjective): having prominent tusks or elongated teeth, typically used to describe certain animals like walruses or elephant seals.

1. The tusky walrus basked on the rocky shore, its impressive tusks glinting in the sun.
2. During the expedition, the researchers were thrilled to spot a tusky elephant seal lounging on the beach.
3. The ancient cave paintings depicted a tusky creature that resembled modern-day mastodons.
4. With its powerful jaw and tusky protrusions, the boar was a formidable presence in the forest.
5. Fishermen often shared tales of the tusky fish that was said to lurk in the depths of the lake.
