

TWITCHER

Meaning: A twitcher is an avid birdwatcher who seeks to observe and record sightings of rare or new bird species.

1. A twitcher often rises before dawn to catch a glimpse of rare birds in their natural habitats.
2. As a dedicated twitcher, she travels across the country just to add new species to her life list.
3. The local twitcher club organized a weekend outing to some of the best birdwatching spots in the region.
4. He was known as the fastest twitcher in town, always spotting elusive species before anyone else.
5. Despite the rain, the twitcher remained patient, hoping for a sighting of the migratory raptors overhead.
