

# TWO-TO-ONE

*Meaning: 'TWO-TO-ONE' refers to a ratio or odds indicating that for every two instances of one outcome, there is one instance of another outcome, often used to express favorable conditions or results in contexts such as betting or voting.*

1. The odds were set at two-to-one, favoring the home team in the upcoming match.
2. In the debate, the proposal won by a two-to-one margin, indicating strong support among the members.
3. She placed a bet with the bookmaker, who offered her two-to-one on the horse winning the race.
4. The committee voted two-to-one against the motion, reflecting a clear difference in opinion.
5. He was confident in his chances after discovering the two-to-one ratio of applicants to available positions.
