

ULULATE

Meaning: To ululate means to howl or wail in a rhythmic, often mournful manner, typically expressing strong emotions such as joy or sorrow.

1. As the moon rose high in the night sky, the wolves began to ululate in haunting harmony.
2. The crowd erupted in cheers, ululating their joy as the champion crossed the finish line.
3. In some cultures, people ululate to celebrate weddings, adding a unique sound to the festivities.
4. The sound of the people ululating echoed through the valley, creating an otherworldly atmosphere.
5. During the ceremony, the participants ululated to honor their ancestors and invoke their spirits.
