

UNDERCREEP

Meaning: Undercreep: a gradual and often unnoticed deterioration or decline in quality, trust, or integrity.

1. The term 'undercreep' refers to the subtle yet persistent erosion of trust within a relationship.
2. In the dark corners of the old building, an undercreep of mold threatened to undermine its structural integrity.
3. As the investigation progressed, an undercreep of anxiety settled among the team, making them question their decisions.
4. The artist's new piece captured the undercreep of societal discontent that had been building over the years.
5. Even in moments of joy, an undercreep of doubt lingered in her mind, challenging her confidence.
