

UNDERPLOT

Meaning: Underplot: a secondary or subordinate narrative that enhances the main storyline by introducing additional themes or character dynamics.

1. The novel's underplot added depth to the main storyline, revealing hidden motivations among the characters.
2. As the film unfolded, the subtle underplot of betrayal kept the audience guessing until the very end.
3. Critics praised the author for weaving an intricate underplot that complemented the primary narrative beautifully.
4. In many classic tales, the underplot often serves to highlight the protagonist's internal struggles.
5. The underplot involving the protagonist's family history provided a rich backdrop to the central conflict.
