

UNDERSONG

Meaning: Undersong: a subtle or underlying melody or theme that accompanies or contrasts with a more prominent sound or situation.

1. The tranquil melody of the piano served as an undersong to the lively conversation happening around the table.
2. As the protagonist navigated through the chaos, a haunting undersong of regret echoed in her mind.
3. The artist's latest painting captured not only the vibrant colors of the sunset but also the undersong of loneliness that accompanied the beauty.
4. In the film, the undersong of nostalgia woven throughout the score added depth to the characters' experiences.
5. Despite the joyful lyrics, an undersong of melancholy lingered in the singer's voice, hinting at deeper emotions.
