

# UNDERWRITER

*Meaning: An underwriter is a professional or entity that evaluates and assumes the risk of insuring or financing an individual or organization, often determining the terms and conditions of the policy or loan.*

1. The underwriter assessed the risk associated with the new insurance policy.
2. Due to market fluctuations, the underwriter revised the terms of the loan agreement.
3. She worked closely with the underwriter to ensure that all necessary documents were submitted.
4. An experienced underwriter can significantly impact the success of a new investment venture.
5. After careful evaluation, the underwriter approved the application for funding.
