

# UNLIKELYHOOD

*Meaning: Unlikelihood refers to the state or quality of being improbable or not likely to happen.*

1. The likelihood of winning the lottery is extremely low.
2. In all likelihood, the meeting will be rescheduled for next week.
3. Her chances of passing the exam are in question due to her lack of preparation, but there's still a slim likelihood.
4. Despite the unlikelihood of rain, she decided to carry an umbrella just in case.
5. The likelihood of finding a solution to the problem increases with collaboration and diverse perspectives.
