

UNMEET

Meaning: Unmeet (verb): to consciously detach from or forget a person with whom one has had a connection, often to relieve oneself of past emotional ties.

1. I often wonder how many people we unmeet in our lives, never realizing the impact they had on us.
2. The concept of unmeeting someone can be quite liberating, freeing us from past connections that no longer serve us.
3. After a painful breakup, she wished she could simply unmeet him and erase the memories they shared.
4. In a world where we constantly connect, the idea of unmeeting someone feels almost like a superpower.
5. He wished there was a way to unmeet the people who brought negativity into his life.
