UNPARCHED

Meaning: Unparched refers to land or soil that is not dry or dehydrated, often indicating a state of moisture or freshness.

1. The unparched earth welcomed the first drops of rain after months of drought.
2. As the sun set, the unparched landscape glowed with vibrant colors, reflecting the beauty of nature.
3. Her garden remained unparched, thriving in the moist climate, full of blooming flowers and green leaves.
4. The unparched soil allowed the farmers to sow their seeds earlier than usual this year.
5. After the storm, the once unparched river flowed freely, revitalizing the ecosystem around it.
