

# UNWHOLE

*Meaning: Unwhole: lacking completeness or wholeness; fragmented or damaged in form or essence.*

1. The artist's latest work reflects a sense of unwhole beauty, capturing fragments rather than complete forms.
2. After the storm, the landscape appeared unwhole, with trees uprooted and buildings damaged.
3. She felt unwhole without her beloved dog by her side, as though a part of her was missing.
4. The puzzle remained unwhole, taunting him with the absence of a single piece.
5. In their discussions, they often touched on the theme of feeling unwhole in a world that demands perfection.
