

UNWOMAN

Meaning: Unwoman: a term used to describe a woman who has been stripped of her identity and societal value, often as a consequence of defying established norms in a dystopian context.

1. The term "unwoman" evokes a sense of loss and identity crisis in dystopian literature.
2. In the strict society depicted in the novel, any woman who defies the norms risks being labeled an unwoman.
3. The concept of unwoman challenges traditional notions of femininity and societal roles.
4. She felt like an unwoman after losing her job and being ostracized by her peers.
5. In discussions about gender equality, the idea of unwoman serves as a powerful reminder of what is at stake.
